Indiana Utility Regulatory Commission Regulatory Commission

Dear Indiana Utility Regulatory Commission Commission,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Sincerely,

CEO of Local Telecommunications, Sprint/Nextel Dan Hesse

Dear CEO of Local Telecommunications, Sprint/Nextel Hesse,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance. Unless you plans change.

Sincerely,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

CEO of Local Telecommunications, Sprint/Nextel Dan Hesse

Dear CEO of Local Telecommunications, Sprint/Nextel Hesse,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Sincerely,

**Subject:** Why I Am Dropping Sprint Nextel Service

CEO of Local Telecommunications, Sprint/Nextel Dan Hesse

Dear CEO of Local Telecommunications, Sprint/Nextel Hesse,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Sincerely,

Re: Loren M. Jones 718-791-2903 Cancel PCS Vision

It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

On top of that, my account is restricted to "cash payments only" despite the fact that the only way I have EVER paid for this service has been with my DEBIT card, and it has NEVER been refused. If the issue is that I am considered a credit risk, the restriction is absolutely NONSENSICAL! The alternative Sprint Nextel offers is that I pay a middleman an additional \$5.00 to pay my bill at a retail outlet. That is inconvenient and financially penalizes a customer you have deemed a credit risk. That, too, is NONSENSICAL. Someone you consider least able to pay is required to pay ADDITIONAL funds just to pay the bill.

Therefore, I request that you immediately drop the PCS Vision from my service. I will not pay for additional services from a company that not only treats its employees poorly, but also has arbitrarily punitive policies towards its customers.

When my contractual obligation to Sprint Wireless has ended, I will drop it completely and switch to Cingular for wireless service!!

Indiana Utility Regulatory Commission Regulatory Commission

Dear Indiana Utility Regulatory Commission Commission,

I am outraged that a highly profitable company like Sprint Nextel is demanding unfair concessions from the workers who make those profits for you. It is unfair to demand concessions on health care, overtime pay, sick and vacation leave, 401k plans and more--especially as you abandon local phone service in our communities.

I believe corporations serve their customers and the public and have a duty to meet the expectations we hold for them. Sprint Nextel is not meeting those expectations. I prefer to do business with companies that treat workers as they should be treated.

Therefore, I plan to drop my Sprint Nextel service and switch to Cingular for wireless service and AT&T for long distance.

Sincerely,
